## COMPANY HISTORY

Our company is based on the solid foundations laid by our father İBRAHİM ÇİNGİ in 1970, which enabled us to take our place in the sector today.

We continue our work with the idea of providing better service to our customers with the importance we place on the changing conditions of the day, technological innovations and corporate structuring process.

We continue our production in a closed area of 6500 m<sup>2</sup> with our professional staff with the investments we have made to our R & D center and our Interior Design Team, our aim is to leave beautiful memories and friendships with which you can remember us in your life with a little touch on your living spaces starting from the architectural project/
